Customer Comments:

Eakes is an excellent partner with Mary Lanning Healthcare providing the latest technology in multi-function devices, fax server software, and follow-me secure printing. Eakes has helped us create a secure faxing and printing solution to meet the ever-changing needs in a healthcare environment. Their support for both the devices and software is stellar. I would recommend Eakes as the vendor of choice for all your printing, copying, scanning and faxing needs. ~ Mary Lanning Healthcare, Hastings

I take great pride in offering a letter of reference for Eakes Office Solutions. Eakes has provisioned printing equipment and software to handle all of our printing/scanning/copying needs. The program implemented was designed to save time and money; it has accomplished both. The service technicians are very prompt and always courteous and professional. They are knowledgeable of the products and processes and keep our systems running as well as current. ~ Fremont Public Schools
